**2175 - Maxi-Shear™ Flush Cutter**

**Product Description**

A strong, durable cutter that is ideal for jewelry making, wire crafts, basketry, caning and for cutting lead came used for stained glass work.

Micro-Shear® blade by-pass cutting technology produces clean, flat cuts.

Designed for cutting soft wire up to 12 AWG (2mm)

**Key Features**

- Utilizes a shearing cut: the by-pass cutting edges slice cleanly through metal
- Cutting edges last longer because the cutting edges never meet
- Requires only half the effort to cut metal as compared to conventional jewelry cutters.
- Overall length 6", length of cut 1/2"
- Made in USA
